- To preserve the chola monuments, artefacts and to appreciate the contribution of the chorals, a grand Chola Museum will be set up at Thanjavur.
- Odisha Chief Minister's advisor, researcher and writer R. Balakrishnan. Historian Gudavail Balasubramaniam, Archeology Associate Director I.R. Sivanandam, Researcher Gandhirajan from Tamil Virtual University, Journalist and Researcher Samas, Tamil Nadu Tourism Development Corporation Assistant Engineer D. Prabhakaran has been included in the committee.

Lakhs of crores of Unclaimed Investments

- The financial sector of our country is witnessing tremendous growth.
- On the one hand, this progress is met with a constant challenge which is the unclaimed Investments.

Reason

- IEPFA is the government body that deals with unclaimed investments,
- Lack of awareness, inactive demat or bank accounts, death of the investor are some of the main reasons.
- Dealing with dormant accounts causes companies to Unnecessary expenses
- Unclaimed dividends also affect overall market performance.
- Missing documents on the scheme, not providing information about the nominee, changed address are some of the reasons for this.

Unclaimed Investments

Section	Rupees in crores
Shares	25,000
Mutual Funds	35,000
LIC Insurance	21,500
Provident Fund	48,000
Bank Deposits	62,000

Bombay Group blood

- The Bombay Group is extremely rare. Only one in two and a half lakh people have this blood type.
- Last, in 1952, this blood type was discovered in Bombay by Dr. Pende. Thereafter, it was named Bombay Group.
- Normally antigens are present in red blood cells in blood and antibodies in plasma. Based on this, one's blood type is determined.
- But, in the Bombay blood type, the antigens are absent. Antibodies are the only ones present. So. It is classified as OH and HH.
- This cannot be detected in a normal blood test, but only in a plasma test.
