GUJARAT AND RAJASTHAN CROSS 50,000 MW OF RENEWABLE-POWER CAPACITY

- Gujarat has moved ahead of Rajasthan to take first place.
- Tamil Nadu remains fourth with 29,801 MW, despite the source's view that the State has significant untapped potential.
- » Instructions
- The Union Power Ministry has urged States to increase the use of renewable electricity from solar, wind, small hydro and bio-power sources.

Renewable capacity shown in the source (MW)

State	Hydro	Wind	Bio-power	Solar	Total
Gujarat	2,103	16,613	130	33,764	52,610
Rajasthan	436	5,541	222	44,135	50,335
Maharashtra	3,431	6,416	3,000	20,347	33,194
Tamil Nadu	2,326	12,299	1,055	14,121	29,801
Karnataka	4,974	8,915	1,917	11,635	27,441
